# THE POWERS CASE!

## MOVED TO FEDERAL COURT

### Gist of Federal Judge Cochran's Decision, Rendered This Morning

JUDGE A. M. J. COCHRAN

The case of Caleb Powers has become a National issue.

He has been thrice tried in the State Courts and thrice convicted on the charge of conspiracy in the killing of Goebel; and thrice has the Court of Appeals, the highest Judicial tribunal in Kentucky, set aside these convictions.

His faithful and untiring Attorneys some months ago gave notice that they would apply to United States Judge Cochran for a transfer of the case from the State to the Federal Court, and on the 8th of June last the motion to that effect was ably argued pro and con before Judge Cochran in this city.

At the conclusion of the argument the Judge gave notice that on account of the supreme importance of the case and the many intricate questions involved, he would take the matter under careful advisement, but would in any event hand down his decision before the 10th day of July.

In accordance with that declaration, Judge Cochran this morning convened his Court in this city at 10:30 o'clock to hand down his opinion.

The document is a most exhaustive one, requiring some three hours in reading.

The barbers of this city are trying to form a Barbers' Association. It has for its object the closing of the shops on Sundays and shortening of hours through the week. A meeting will be held Sunday, at which time it is hoped an organization will be effected.

Yesterday noon in running to catch a street car Mr. P. P. Parker dropped his fine gold watch the corner of Second and Market, and had not have been for a colored man calling Mr. Parker's attention to his loss the valuable timepiece would have been crushed to pieces by an oncoming car, as it fell directly on the rail of track.

The Court holds that the prosecution against Caleb Powers pending in the Scott Circuit Court has been removed to the United States Circuit Court for the Eastern District of Kentucky by the removal proceedings taken in Powers's behalf under Section 611 U. S. Rev. Stat. and sustains his motion for a writ of habeas corpus to transfer his custody from that of the state of Kentucky to that of the United States.

The ground upon which the Court so holds is that it appears from the petition for removal and the transcript of the record in the State Courts that the defendant has been and is denied the equal protection of the laws by the Scott Circuit Court and cannot enforce his right thereto in the Court of Appeals because of Section 281 of the Criminal Code as construed by that Court.

The Court further holds that the decision of the State Courts against the validity of Taylor's pardon is not a good ground for removal, as it feels bound by that decision as to the validity of the pardon, and the validity thereof is not secured by the equal protection of the laws clause of the Fourteenth Amendment.

### ARM BROKEN

#### Mrs. Amanda Elliott of the Sixth Ward Sustains Injury

Mrs. Amanda Elliott met with a severe accident at her home in East Second street late Wednesday evening.

While about starting to pay a visit to a neighbor, she stood too near the edge of the veranda, and, losing her balance, fell down several steps into the yard.

After being assisted into the house and medical aid being summoned, it was found that her left arm had been broken near the shoulder, which, owing to Mrs. Elliott's advanced age—nearly 70—makes her accident quite serious.

### UNFORTUNATE ACCIDENT

#### Mrs. W. T. Hughes Meets With a Peculiar Mishap Recently

Some days ago Mrs. W. T. Hughes, who lives in Carmel street, met with an unfortunate and painful accident.

Her husband is afflicted and at times without a moment's warning falls prostrate.

On the above occasion the faithful wife attempted to catch her husband as he was about to fall, and in doing so they both came down together, Mr. Hughes falling across his wife's right leg, breaking it in two places.

She is now able to sit up and with the same careful attention that has been given her it will not be long before she will have recovered the full use of her limb.

### DROPPED DEAD

#### Aged Colored Man Expires While Witnessing Baseball Game

Charles Brookens, an aged colored man, dropped dead yesterday afternoon while witnessing a game of baseball at the East End Park.

He had been in feeble health for some time and his death was not altogether unexpected.

The verdict of the Coroner's Jury was heart failure.

He lives in the old Colored Church building in the rear of Phister avenue, and leaves a wife and one son, and a brother in Covington.

The family is extremely poor and it is quite likely that the city will be called on to bear the expense of the funeral.

The following distinguished gentlemen arrived last night and were present at the opening of Judge Cochran's Court this morning—

N. B. Hays, Robert Franklin, Frankfort; H. C. Howard, Judge J. C. Sims, Paris; C. E. Walker, R. D. Hill, R. C. Kincaid, Louisville; Ex-Governor R. D. Yates, Illinois; Charles J. Bronston, Lexington; Arthur Goebel, Covington.

"I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. ### Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; unless cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for particulars free. F. J. CHENEY & CO., Toledo, O.

# WHY?

Why are the great cooks getting so scarce in Maysville? Because so many of them have gone and are doing every day or so to Cincinnati, Dayton, Washington, D. C. and other Ohio towns. Why do these great cooks leave Maysville to go to Cincinnati and other towns mentioned? Because they get more money for less HARD work.

How is it that one woman can do all the cooking and house work, and even laundering, too, at these other places and yet be paid to do less HARD work than she would have to do just cooking alone in Maysville? Because cooking with Gas removes all the burden of kitchen labor, saves half the time, and leaves the cook fresh and able to do the other lighter housework, and even the laundering where Gas is used for that purpose also.

### BRING IT HOME TO YOURSELF!

What would you do if you were the cook? Give away the rest of them. It is a practical proposition. If you want to keep your cook put yourself on an equal footing with your neighbors across the river.

"We believe the present teamsters strike to have been born in iniquity, and that though many honest laboring men were led to believe a so-called sympathetic strike was advisable and just, we feel satisfied from evidence presented to us that a very few of the principals at the head of the Teamsters' Union were and are responsible for its inception and continuance, that their pockets might jingle with unholy gain."

And pay 2% interest per annum upon all money deposited in that department, subject to the rules and regulations, which will be furnished on application.

The other branches of our business will be conducted as heretofore, and this Department is added in order that we may be able to meet every requirement of the banking business, which it is our earnest desire to do.

If you wish to keep a commercial bank account, a savings account, make an investment, have a note collected or discounted, want a draft or any other accommodation that a bank can render, you come in and see me and be assured that it will afford us pleasure to accommodate you.

We are now fully equipped for every branch of safe and conservative banking, and would like to have you do some business with us.

If there is anything about our new Department that you don't understand, come in and we will cheerfully explain it to you.

Respectfully,

**MITCHELL, FINCH & CO.'S BANK.**

With the latter-day Labor Unions of Chicago it's not shorter working days and more pay, but it's no work and big graft.

Your Austrian landlord can give the Atlantic City fellow spades and then some. Recently the Shah of Persia with his suite stopped over night at a hotel in Lemberg, occupying 46 large and 32 small rooms. Next morning the Shah's Chancellor of the Exchequer was paralyzed by a bill for \$10,000. There wasn't enough cash in the party to pay it, and a Bank had to be called in.

It is now given out by the High-Muckalornus that hereafter property owners will be required to pay for gutters put down in front of their property. Now, let's understand. Is the property owner to pay for a brick gutter put down by some mullet-head this month? and then to pay for a stone gutter put down by another mullet-head next month? and then for a concrete gutter put down by a third mullet-head the month after? Within the past thirty years the city has spent enough for so-called "gutters" to build ten miles of the best street in the world.

In the matter of "obituary poetry," idiocy seems to have run wild. A recent impression of The Lexington Leader carried five "verses" of doggerel, the last chunk in words and "rot" town—

"She was so bright, innocent and mild,  
God called her for his own dear child,  
No sweeter Angel will there be  
Than Little Lena Frances Tacke."

Aid to think that the authoress was so proud of the production that she actually signed her name to it—a wise precaution on the part of Editor ROBERTS, probably, to protect himself from indictment on the charge of poetry.

The mutineers' crew of the Russian battleship Kniaz Potemkin have turned pirates. They secured food from a village by threatening to attack it, and it is also reported that they attacked an Italian vessel carrying coal. The search for the ship is being prosecuted with vigor. The crew of the transport Prout motified when leaving Rudrovo Bay and killed two officers. An attempt to cause another mutiny on the Georgi Pabedonetz at Odessa was frustrated.

**One Dollar Saved Represents Ten Dollars Earned**

The average man does not have to exceed 10% of his earnings. He must spend 90 in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars on his later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

**THE LIVER QUARANTINE**

"TAKING HIS MEALS OUT."

Hurried eating has ruined many a man's stomach. The digestion-destroying process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness.

In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

# Public Ledger

MAYSVILLE, KY., FRIDAY, JULY 7, 1905.

ONE COPY—ONE CENT.

WEEKLY REPUBLICAN—1867.  
DAILY PUBLIC LEDGER—1895.

Some good Bourbon county farms for sale by John Duley.

Daily encouraging reports are received from the bedside of Mr. W. N. Stockton. He is improving nicely.

Wednesday a barn and contents on the farm of Willie Wiggins, one mile East of Sardis, was destroyed by fire. It is supposed to have caught from a spark by a passing traction engine. The barn contained \$1,000 worth of tobacco, insurance \$500.

Attorney Clarence L. Sallee has been appointed a member of the State Central Committee of the Educational Improvement Commission of Kentucky. Although Mr. Sallee is a busy lawyer he finds time to devote to the cause of education and is much interested in the welfare of the Public School System. The appointment is a good one.

Rev. H. E. Roseberry and wife leave tomorrow morning to conduct the Mower's Park Camp meeting in Lewis county. They will be absent three Sundays and there will be no preaching at the Second M. E. Church, South, during that time. The Epworth League has voted to suspend services during the month of July. The prayer-meeting, however, will be conducted as usual, Robert Busby leader, and the Sunday-school in charge of the Superintendent, August Haack.

Lee Clarke, engineer on the Greyhound, fell overboard at Portsmouth and drowned.

The Tacoma is the regular Pomeroy packet tonight. She will go on through to Charleston.

The Queen City will be down tonight, having on board, among a large passenger list, several Maysville ladies who have been enjoying the round trip to Pittsburgh.

Captain James A. Henderson, President of the Pittsburgh and Cincinnati Packet Company, and one of the best known rivermen in the country, is at his home at Pittsburgh in a serious condition, as a result of being overcome by the heat in a streetcar. He fell and struck his right temple against a projection and was rendered unconscious. Although he is reported to be recovering, the outcome may be serious.

## OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable. How She Escaped It

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for ovarian or womb operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of ovarian and womb trouble cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margaret Merkley of 275 Third Street, Milwaukee, Wis., writes:

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had ovarian trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Ovarian and womb troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing down pains, leucorrhoea; don't neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

## DON'T BE SATISFIED

Why Be Content With Relief From Backache When a Maysville Woman Shows You the Cure

Don't be satisfied with relief. Brief freedom from backache. Reach the root of the trouble. Cure the cause, and backache disappears for good.

It can be done. Doan's Kidney Pills make lasting cures. Experiences of Maysville people prove this. Here's one Maysville cure of it. Mrs. Lizzie Bridges, wife of Elmer Bridges, of 206 West Third street, Maysville, Ky., says: "In March, 1900, I gave a testimonial praising and recommending Doan's Kidney Pills, and in it I told how I learned the great value of this remedy. I had been troubled with a bad back and weak kidneys from girlhood, and in my efforts to find a cure I tried every medicine I could find but without benefit until I began using Doan's Kidney Pills, procured at J. Jas. Wood & Son's Drugstore. They proved just the remedy I needed, went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep the kidneys in good condition and guard against attacks of my old trouble."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

## BABY'S FACE MASS OF SORES

Ears Looked as if They Would Drop Off—Body Entirely Covered with Humor—Three Doctors Could Not Cure—Child Grew Worse.

## CURED BY CUTICURA IN TWO WEEKS

Mrs. George J. Steese, of 707 Coburn St., Akron, Ohio, tells in the following letter of another of those remarkable cures of torturing, disgusting skin humors daily made by Cuticura Soap, assisted by Cuticura Ointment, after physicians, and all else had failed: "I feel it my duty to parents of other poor suffering babies to tell you what Cuticura has done for my little daughter. She broke out all over her body with a humor, and we used everything recommended, but without results. I called in three doctors, they all claimed they could help her, but she continued to grow worse. Her body was a mass of sores, and her little face was eaten away, her ears looked as if they would drop off. Neighbors advised me to get Cuticura Soap and Ointment, and before I had used half of the cake of soap and box of ointment the sores had all healed, and my little one's face and body was as clear as a new-born babe's. I would not be without it again if it cost five dollars, instead of seventy-five cents, which is all it cost us to cure our baby, after spending many dollars on doctors and medicines without any benefit whatever."

## SLEEP FOR BABIES

Rest for Mothers.

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purest of emollients.

## STATE COLLEGE of Kentucky, Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty Professors and instructors. County appointees receive free tuition, room rent in dormitories, fuel and light, and if they remain ten months traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern. The Legislature appropriated \$20,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and art.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the College Home for Young Women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bathrooms and rooms for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy.

No other institution in the state offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

Fall term begins September 14th, 1905.
